SUMMARY

Results-driven Full-Stack Developer with four years of hands-on experience in creating robust and scalable web and mobile applications. Proficient in JavaScript and TypeScript, with expertise in the MERN stack (MongoDB, Express.js, React, Node.js) and cross-platform mobile development using React Native and Flutter. Adept at translating client requirements into technical solutions and delivering high-quality software on time. Extensive experience in both traditional coding and no-code development, including customization and optimization of WordPress and Shopify platforms. Skilled in leveraging no-code tools to streamline workflows and enhance user experiences. Proven ability to collaborate with cross-functional teams and effectively communicate complex technical concepts to non-technical stakeholders.
